VOL. IX. NO. 181

PADUCAH, KENTUCKY, TUESDAY, AUGUST 5, 1902.

10 CENTS PER WEEK

BOREING WINS OUT

Seems to Have Defeated Col. D. G. Colson in the 11th District.

Only a Trivial Shooting at Shenandoah Last Night—Steamers Collide on Erie.

STREET CAR STRIKE SETTLED

Middlesboro, August 5—It seems certain that Hon. Vincent Boreing has been nominated for congress in the Eleventh district by the Republicans over Colonel D. G. Colson and Captain Ed. Parker. Mr. Boreing has carried all the larger counties of the district by large pluralities, and Colonel Colson, who seems to be second in the race, carried his own county, Bell, and nothing more.

SHOT IN THE LEG.

Shenandoah, August 5—There were many rumors flying about the regions today of trouble in camp and in various parts of the mining district. The only disturbance that occurred, however, was at Girardville, six miles from here, where workmen coming from the Girard washery operated by W. R. Turk and Co., was shot in the leg and slightly injured.

STEAMERS COLLIDE.

Cleveland, O., August 5—Report of a collision on Lake Erie between the steamer City of Venice, ore laden, and the steamer Seguin, steel lumber vessel, reached the city at midnight. It is alleged they came together off Rondeau, Canada, and the first named was sunk, with three lives lost while several others were more or less injured.

STREET CAR STRIKE SETTLED

Huntington, West Va., August 5—The street car trouble was adjusted here this morning at 10:30 o'clock at a conference of the street car men and strikers. This refers to the Kentucky, West Virginia and Ohio divisions.

PARDONED BY GOVERNOR.

Owensville, August 5—Thomas Robinson, who was sentenced to two years in the penitentiary at the May term of the Bath circuit court for killing George Beecraft in Menifee county two years ago was today pardoned by Governor Beckham.

SAFE BLOWING.

Bowling Green, August 5—The store of E. P. McDowell at Woodburn, this county, was last night robbed, the safe blown and \$1,500 in money and notes and jewelry stolen. There is no clue.

NEW CROP.

We are now cutting fine American Beauties as well as other roses. Give us your order.
C. L. BRUNSON & CO., 423 Broadway.

EXAMINERS ARE HERE

State Board of Barber Examiners Reach Paducah.

It is Their First Trip to Southwest Kentucky, and Only Two of Them Are Here.

EXAMINATIONS FOR TOMORROW

Messrs. John Schmelzer, president of the state board of barber examiners, and George J. Rautenbush, the secretary and treasurer of the board, arrived in the city last night at 6 o'clock and will tomorrow morning begin examining local barbers in the council chamber at the city hall.

They will examine all the barbers in Paducah, and all having had the necessary experience and who are efficient in their trade will be given certificates to continue in their trade. All otherwise will not.

All barbers will have to go before them either on the 6th or 7th and make affidavit to the length of time they have served at the trade before they can secure the certificate.

Mr. Frank Smith is the only barber here holding such a certificate, having secured his several weeks ago through the mails.

Messrs. Schmelzer and Rautenbush will remain here until Friday. Mr. William F. Brown, the vice president of the board, did not come, and is in the eastern part of the state on business. This is the first visit of the board to this part of the state.

TAKEN TO THE COUNTY.

EDGAR SEAY READY FOR HIS TRIAL THIS AFTERNOON.

Constable Anderson Miller arrived this morning and took to the county Edgar Seay, the farmer of near Lovelaceville who burned his own home Saturday and then attempted to reach his wife and kill her, being shot in the arm by his son. Seay will be tried before Justice Gholson, and says he is ready for trial.

Constable Miller says there is much feeling against him, it being the general supposition that he was prompted by pure meanness and bad whiskey to do what he did. It is not known how much oil he used in burning his house, but the officer says there must have been quite a quantity of it.

Before setting fire to it he removed the beds into the yard, but they were ruined. Seay's trial is set for this afternoon. His son, Oran, who shot him, will no doubt be promptly acquitted.

HAS BEEN CHOSEN

BUT ENGINEER FITZPATRICK'S SUCCESSOR NOT MADE PUBLIC.

Mr. F. W. Katterjohn returned from Chicago this morning and went to Cedar Bluff. He was accompanied by Engineer P. D. Fitzpatrick, his new superintendent who has been south.

It is understood that an appointment has been made, the recommendations of Superintendent J. C. Dailey having been favorably acted on. The name of the successor has not yet been made public.

It is understood that Assistant Engineer Egan, the son of the superintendent of freight terminals of the road, will receive the appointment to the place vacated by P. D. Fitzpatrick, the engineer of the Louisville division of the road. Mr. Egan has been working with Mr. Fitzpatrick as his assistant and is a capable man.

IS READY FOR START

Arrangements Complete for the Big Railroad Picnic.

Thirteen Coaches to Be Taken Out to Dawson For the I. C. Employees.

A LARGE CROWD TO ATTEND

The local shops employees are preparing for the big picnic tomorrow at Dawson, and this morning Mr. Fred McCreary, one of the picnic committee, went to Dawson to complete the arrangements for the dancing pavilion. It is understood that the carpenters had not been working fast enough and there was some doubt as to whether they would have the pavilion in readiness in time. Mr. McCreary will see that the work is pushed, and the force of carpenters increased, if necessary. The base ball grounds will also be scraped and put in order for the big game tomorrow.

The site selected for the picnic is about half a mile from the depot, north, just at the covered bridge. Swings and pleasure apparatus will be put up and the picnic made one long to be remembered. The coaches are nearly all here, and the few that are now out will be brought here on the afternoon and night trains and will be in readiness for the picnicers by 7 o'clock, the time the train will leave Eleventh and Broadway.

COUNTY COURT DAY.

A LIVELY TIME AT BENTON, KY., YESTERDAY AFTERNOON.

Yesterday was county court day at Benton, Marshall county, and a large crowd was in town. The only exciting incident was a fight over a crap game, in which Ed Darnell, white, was badly knifed by Bob Ford, colored, and may not recover. It is said several took part in the melee, but no one was hurt except Darnell. Ford was arrested.

RAILROAD GUN CLUB.

The railroad gun club held its regular shoot yesterday afternoon, and a number of good scores were made. Mr. Ambrose Mercer won the Bronaugh medal after a spirited contest, in which he and Moses Starr tied twice.

ARE GOING TO BRAZIL

Talented Young Students Start on a Long Journey.

Are Traveling From Cincinnati to Rio Janeiro Brazil, in a Rowboat.

PASS PADUCAH THIS WEEK

Two interesting students are now on their way down the Ohio and will shortly be in Paducah in one of the queerest looking boats ever seen here. It is an iron rowboat eighteen feet long, and the young men have come from Cincinnati, bound for Rio Janeiro, Brazil.

They are Nelson Morris, B.A. Ph. D., a graduate of Berlin University, and Chevalier Tancored Vella, son of the Roumanian consul at Malta.

They represent the London and Berlin geographical societies, and are highly cultured young men and expert linguists.

They will make the trip down the Ohio and Mississippi, over the Gulf of Mexico, the Caribbean Sea and the Atlantic ocean, roughing it as best they can all the way to Rio de Janeiro. They have been traveling ever since they left college and are a most venturesome pair.

They reached Louisville today and will be in Paducah the latter part of the week.

WILLIAM SHANK DEAD.

SHIP CARPENTER DIES AFTER A LONG ILLNESS.

William Shank, age 52, a ship carpenter by trade, died at the St. Nicholas hotel this morning at 5 o'clock, after an illness of one week, of consumption of the bowels.

He came from West Virginia about two years ago, and had been ill all the summer, but not confined to his bed until a week ago. He leaves a mother in Buffalo, W. Va., a sister, Mrs. Mary E. Monrow, in Point Pleasant, W. Va., and a brother, J. H. Shank, in Winfield, W. Va. His relatives have been telegraphed of his death and no funeral arrangements will be made until a response is received.

The Gun club is holding its regular shoot this afternoon at La Belle park.

NEW HOSE ARRIVES

The City Has 1000 Feet at Central Fire Station, on Fourth Street.

It Was Accepted After Some Disagreement—Another 1000 Feet is Now Expected.

LATEST ABOUT HOSE DEALS

The city now has 1,000 feet of new fire hose. This morning the hose ordered through the Day Rubber Company of St. Louis arrived, and was at once taken to the fire station and placed on the reel.

The fire committee of the general council held a meeting, and after a discussion voted to authorize the mayor to sign the bond and agreement, which was done.

There was some objection in the committee, however, to signing it, on account of changes made by the company. The agreement with the city, as drawn up by the city and sent to St. Louis, was changed slightly by the company before it was signed, the word "misuse" being inserted in one place. It was claimed by Chairman Hummel, of the committee, that this practically invalidated the guarantee, as, if the hose proves worthless like the other hose sold the city by the Day Rubber Company, it can be attributed to "misuse" which can be construed in a court to mean most anything.

The city had to have hose, however, and the committee accepted them. The test will be made tomorrow or the following day, at Jackson's foundry. The hose must stand a pressure of four hundred pounds now and the fire pressure at any other time during the next four years. The price paid is 81 cents a foot.

Chairman Hummel said this morning that the 1,000 feet of hose mentioned yesterday as purchased from the National India Rubber Company, is expected about tomorrow, or perhaps the following day. The price paid was 82 cents, with no guarantee except that it stand the fire pressure, 100 pounds for three years. If the company will not make this guarantee, the hose will not be accepted by the city, but no trouble of this kind is anticipated.

The cotton hose ordered from the Dubuque Rubber Company will not arrive for nearly a month.

CREW BACK.

THE CITY OF SAVANNAH LEFT WITH WATCHMEN UNTIL RELEASED.

The crew of the City of Savannah has been dismissed reaching the city today, and the boat is now high and dry in charge of watchmen. Captain Koger is back in the city, and of course does not know when there will be water enough to float his boat.

It is the general opinion among river men that it will be at least two months before there is a rise sufficient to release her.

CHILD SCALDED.

MR. J. TROUTMAN'S INFANT TURNS OVER HOT TEA.

The ten-months-old child of Mr. J. Troutman, of 1335 South Tenth street, was badly scalded on the right arm last evening while at the supper table.

The little fellow accidentally turned over a cup of boiling tea on the table and the contents spilled on his arm and badly scalded the member. Dr. Hessig dressed the injury.

EICH IS STILL ALIVE

It is Thought His Wounds Will Prove Fatal.

Henry Petter, Who Shot Him, Will Have to Give a \$1,000 Bond.

RESULTED FROM A BRAWL

Frank Eich of Mechanicsburg, who was shot in the eye in Romain's saloon in Mechanicsburg yesterday afternoon shortly before 4 o'clock, is no doubt fatally injured. Henry Petter, the bartender, is charged with a felony, and if Eich dies will have serious trouble on his hands.

The young men were in the saloon together, and it seems had always been the best of friends, but while drinking fell out, and engaged in a fight in the forenoon.

An eye witness to the last trouble stated that as he entered the saloon in the afternoon he heard Petter call Eich a name, and Eich, who seemed to be drunk, said, "I'll take that."

Petter allegedly to have pointed the pistol in his face, and Eich, probably suspecting nothing, said, "And I'll take that."

About that time the pistol went off, and shot out Eich's left eye. He staggered and fell, but it seems got up and went to a chair.

The pistol was taken from Petter by the crowd, which ran in at the sound of the pistol, and Justice Sheehan arrested him and took him to the city hall, where he was locked up. He exhibited great grief at the deed, in Chief Collin's office.

It seems that after having one fight yesterday forenoon they were taken before Justice Sheehan and Petter was fined a cent and costs for striking Eich with a brick. Petter made overtures of peace and said he was sorry, but Eich refused to accept the apology, it is alleged, and exhibited a desire for further trouble. It was just subsequent to this that the shooting took place.

The doctors do not think there is any chance for Eich. The ball tore out his left eye and lodged at the base of the brain. He was conscious about an hour, and refused to allow the doctors to probe for and remove it. The wound is regarded as fatal, although the victim may live several days.

Petter was arraigned in police court today on a charge of malicious shooting and his case continued until Wednesday, August 13th, and his bond was placed at \$1,000. Attorneys Cross and Houser have been employed to defend him, but declined to make any statement except that the boys were all up there drinking together when the shooting took place. This afternoon Eich was reported unchanged but conscious. He stated this morning that a person might as well be dead as torn up that way, but has made no statement relative to the trouble which led to his misfortune. Petter has not yet given bond for his appearance to answer Wednesday week.

BELT BROKE.

AND BADLY HURT AN EMPLOYEE AT J. L. KILGORE'S.

Hallet Ellis, an employee of the Kilgore heading factory, was injured at the plant this morning.

A belt broke near where he was working and in attempting to get out of the way, he ran under the belt which struck his right hand and badly bruised and cut the member. Dr. Troutman dressed the injury.
